This was the 52nd time the award for Sweden's best annual report was handed out by FAR (the institute for the accountancy profession in Sweden) in cooperation with Nasdaq, the Swedish Association of Communication Professionals and the Swedish Society of Financial Analysts.

"We are all very excited about this award. We strive to be transparent and clear in how we describe our company and our offer. That is why we are extra pleased that the jury highlights such aspects when it describes our annual report," says Sara Kraft Westrell, Director of Information and Investor Relations at Clas Ohlson.

Motivation of the jury:

"Clas Ohlson's competitive advantage is the even and high quality. There are no bad sections [in the annual report]."
