

## **Today Clas Ohlson opened its new Compact Store in Tyresö, Stockholm**

**At 10:00 am today, Clas Ohlson's new Compact Store in Tyresö, Stockholm, opened up for business.**

The store in Tyresö is a Compact Store, meaning that it is smaller than an ordinary Clas Ohlson store, but still filled with a wide assortment of smart products and solutions and inspiration. The store also offers Clas Ohlson's rental concept from which the customer can rent quality tools.

“It is great to open a store in a local centre like Tyresö, with many customers for whom we can simplify everyday life. It feels like a natural step after the positive response we received for our Pop-up store that was open here during the Christmas season. The project team on site has been working for a long time with the preparations and has done a great job, so it feels fantastic to open up for business,” says Fredrik Uhrbom, Country Manager Sweden at Clas Ohlson.

Clas Ohlson Compact Store in Tyresö has a retail space of approximately 450 square meters and a catchment area of approximately 50,000 inhabitants.
