

Third Clas Ohlson store in Vantaa, Finland is now open

The 38th Clas Ohlson store in Finland is now open in Tammisto retail park in Vantaa. The new Tammisto store has a retail space of approximately 1,200 m², making it the fourth largest Clas Ohlson store in Finland. It is also the first unit in the Helsinki metropolitan area to be located in a retail park.

In the morning, a large crowd of customers was waiting for the doors to open, and the first 200 visitors received a gift bag.

"It's wonderful to be celebrating the opening of our new store in Tammisto! The location is excellent and makes us even more accessible in the Helsinki metropolitan area," says Andreas Helgesson, Operating Manager.

"This is our first store opening in Finland since we made significant updates to our product range this spring to adapt the range to what Finnish customers ask for. In Tammisto, we can offer our Finnish customers products that are not available in our stores in Sweden or Norway," he continues.

The store opening is Clas Ohlson's third opening this autumn. Three additional openings for the 2025/2026 financial year have already been confirmed.
